EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 4, line 13, "further comprising a feedback circuit" has been changed to
-- a feedback circuit --.

Claim 15, line 14, "further comprising a feedback circuit" has been changed to
-- a feedback circuit --.

The following is an examiner's statement of reasons for allowance: prior art does not teach nor render obvious an amplification circuit that has, in combination with other limitations, a feedback circuit across said amplifier, wherein a resistance value of said resistor is chosen using the equation:

$$G300 = (1/B300)/(1+(Sc*(1+P*Vout) + S390)* \\ (1+Q*Vout*(Sc+S390)/Hc)/(Hc*B300)),$$

wherein said resistance = $(1/S390)$, G300 represents an amplification factor of said amplification circuit, B300 represents a feedback factor of said feedback circuit, Sc, P, Q and Hc are determined by a manufacturing process used to implement said amplification circuit.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Patricia T. Nguyen whose telephone number is (703) 308-1927. The examiner can normally be reached on 6:30 AM - 5:00 PM.
